

Lucky Leprechauns

TO PLAY: Gather a coin and, for each player, a small object such as a button, thimble or pompom. One at a time, a player flips the coin. Heads, player moves 2 spaces closer to the pot of gold. Tails, player moves 1 space. Each player takes a turn. If a player lands on a lucky shamrock, the player gets to go again. Try not to land on the striped trap or you will lose a turn. The first player to reach the pot of gold at the end of the rainbow wins! Good luck!
