

Pebble Domino Game

INSTRUCTIONS: Find the largest and flattest pebbles – you will need 28 total. Using the paint pen apply lines and dots to create domino game pieces as shown on the domino guide (below). You might want to make a check mark next to each game piece as you make it to ensure you have them all. Let game pieces dry completely. Package dominos by placing the dried game pieces into a pile in the center of the fabric square. Pull up the ends on all sides and secure with an elastic hair tie.
