

Bubble Gum Contest Measuring Tool

INSTRUCTIONS: Print this template onto **heavy cardstock**. Carefully cutout both sides following the black outline to create an official PagingSupermom.com Bubble Meter. Punch a small hole where indicated by the white circle, and attach the two sides together using a **metal brad**. Designate a person to judge the contestant's bubbles using the assembled Bubble Meter. During the contest, the judge should quickly fit the tool's points to either side of the first contestant's bubble, and hold the meter's measurement to compare to subsequent bubbles. Enlarge the meter's measurement gap as necessary when a new, larger bubbles emerge. The Bubble Champion is the person whose measured bubble is the largest when the contest time period is over.
