

Super-Easy Mistletoe Ball

INSTRUCTIONS: Print Front A and Front B onto white cardstock. To give your ball a more complete look we recommend printing the optional solid green Back on the reverse side. Cut out the mistletoe graphics. The Front A and Front B templates have corresponding white lines in the middle, which are cutting guides. Cut slits along these lines and then fit the pieces together to make a 3-dimensional Mistletoe Ball. Punch holes in Part A and tie on a ribbon or string for hanging. Then stand underneath and pucker up!
